

Curriculum Vitae
Lynn M. Maher, Ph.D.

Dept. of Communication Sciences and Disorders
University of Houston
100 Clinical Research Center
Houston, Texas 77204-6018

Phone: 713-743-3782
Fax: 713-743-2926
lmamaher@uh.edu

Education

1987-1995 Ph.D., University of Florida, Gainesville, FL
Dissertation: Praxis and the Right Hemisphere
1978-1979 M.A., George Washington University, Washington DC
1974-1978 B.A., The Catholic University of America, Washington DC

Certification and Licensure

2000-Present Licensure, Texas State Board of Examiners in Speech-Language Pathology
1993-2000 Licensure, Georgia Board of Examiners in Speech-Language Pathology
1980-Present Certificate of Clinical Competence in Speech-Language Pathology, American
Speech-Language-Hearing Association

Awards and Honors

2018, 16,13, ACE: Award for Continuing Education, American Speech-Language-
12, 10, 9, 7, 4, Hearing Association
1998, 96
2013 Fellow, American Speech-Language-Hearing Association
2006 Certificate of Appreciation, Brain Injury Association of Indiana
2003 Special Recognition Award, VA Association of Speech Language Pathologists
2002 Certificate of Appreciation, American Speech-Language-Hearing Association
1999 Certificate of Appreciation, Georgia Speech-Language-Hearing Association
1994 Department of Veterans Affairs, Outstanding Rating Certificate

Academic/Research Appointments

2018-present Professor, University of Houston, Department of Communication Sciences and
Disorders, Houston, TX
2008-present Executive Director, University Speech-Language-Hearing Clinic, Department of
Communication Sciences and Disorders, Houston, TX
2006-2018 Chair, University of Houston, Department of Communication
Sciences and Disorders, Houston TX
2007-present Adjunct Professor of Psychology, Rice University, Houston, TX
2006-2011 Adjunct Professor, University of Oslo, Department of Special Education, Oslo,
Norway
2002-2006 Adjunct Associate Professor, University of Houston, Department of
Communication Sciences and Disorders, Houston, TX
2000-2008 Associate Professor, Baylor College of Medicine, Department of Physical
Medicine and Rehabilitation, Houston, TX
2001-2010 Research, Health Science Specialist, Michael E. DeBakey VA Medical Center,
Rehabilitation Research and Development, Houston, TX
2002-2008 Investigator, VA Medical Center, Brain Rehabilitation Research Center,
Gainesville, FL

- 2000 Associate Professor, Georgia State University, Department of Educational Psychology and Special Education, Atlanta, GA
- 1995-2000 Assistant Professor, Georgia State University, Department of Educational Psychology and Special Education, Atlanta, GA

Non-Academic Positions

- 1993-1995 Speech-Language Pathologist, Audiology and Speech Service, VA Medical Center, Atlanta, GA
- 1992-1993 Research Associate, VA Medical Center, Gainesville, FL
- 1988-1992 Graduate Research Assistant, Dept. of Neurology, University of Florida, Gainesville, FL
- 1987-1988 Speech Pathology Trainee, Doctoral Level, VA, Medical Center, Gainesville, FL
- 1987 Graduate Research Assistant, Dept. of Communication Processes and Disorders, University of Florida, Gainesville, FL
- 1984-1986 Speech-Language Pathologist and Coordinator of the Joseph Freeman Hearing and Speech Center, Cedars Medical Center, Miami, FL
- 1982-1984 Speech-Language Pathologist, Department of Neurological Surgery, University of Miami, Miami, FL
- 1981-1982 Speech-Language Pathologist, Jackson Memorial Hospital, Miami, FL
- 1980-1981 Speech-Language Pathologist, Prince Georges County Public Schools/ Montgomery County Public Schools, MD
- 1979-1980 Clinical Fellowship Year, Children's Hospital National Medical Center, Washington, DC

Research/Grant Support (Funded or pending)

- 2020-2023 Co-Investigator, DoD, *Using Transcranial Direct Current Stimulation to Reveal Mechanisms of Language Loss and to Treat Progressive Aphasia Associated with FTD and Related Dementias*. (Hamilton; Sub award with University of Pennsylvania Perelman School of Medicine/University of Houston), \$30,081.
- 2019-2024 Co-Investigator, NIH/NIA, *Treating Primary Progressive Aphasia and Elucidating Neurodegeneration in the Language Network Using Transcranial Direct Current Stimulation*. R01 AG059763 (Hamilton; Sub award with University of Pennsylvania Perelman School of Medicine/University of Houston), \$47,565.
- 2018-2023 Co-Investigator, NIH/NIDCD, *Transcranial Magnetic Stimulation for Aphasia: Efficacy and Neural Basis*. 1 R01 DC0116800-01A1 (Coslett; Sub award with University of Pennsylvania Perelman School of Medicine/University of Houston), Total projected budget: \$45,805.
- 2016-2020 Co-Investigator, NIH/NIDCD, *Language and neural recovery from stroke: Role of selection and working memory*. 1R01DC014976-01 (Schnur; Sub-award with Baylor College of Medicine/University of Houston), Total projected budget: \$24,597.
- 2008-2019 Principal Investigator, Fixed Price Public Services Grant, *Audiology and Speech-Language Pathology services*, United Way of Greater Houston. Supports services provided through the University Speech-Language-Hearing Clinic (Executive Director), renewed annually \$176,787 in 2018.

- 2004-2009 Co-Principal Investigator, NIH/NINDS, *Functional Brain Reorganization in Stroke Recovery Project 1: Brain Plasticity and Recovery in Aphasia after Stroke* (Program Project Grant submitted through University of Texas: Subcontract with Baylor College of Medicine/University of Houston), \$182,775.
- 2003-2006 Principal Investigator, VA RR&D, *An Investigation of Constraint Induced Language Therapy for Treatment of Aphasia*, \$608,848.
- 2000-2004 (no-cost extension through 2005) Project Principal Investigator for Subproject 3 (Program Project Grant submitted through the University of Florida: Subcontract with Baylor College of Medicine), NIH/NINDS, *Treatment of Aphasia and Related Disorders: Subproject 3: Contrasting Treatment for Sentence Production Deficits*, \$307,247.
- 2001-2003 Principal Investigator, VA RR&D, *Intensive Speech-focused Treatment for Chronic Aphasia*, \$99,500.
- 1999 Principal Investigator, College Education: GRA Support for Faculty Research, *Contrasting Treatment for Sentence Production Deficits*, \$2,400.
- 1998 Co-Investigator, GSU Research Program Enhancement Grant, *Reading Disabilities and Related Disorders*, \$70,000.
- 1996 Principal Investigator, Georgia State University Faculty Mentoring Grant, *Treatment of Sentence Production Deficits (Agrammatism): Restitutive versus Vicariative Approaches*, \$10,000.

Other Support

- 2016 Delphians, Award for student clinic materials. \$900
- 2012 Delphians, Award for classroom technology materials \$1,000
- 2011 Delphians, Award for ASLI materials \$1,000
- 2010 Delphians, Award for Aphasia Clinical Program materials \$1,086.00

Journal Reviews

- 2018-present Editorial Board Member, American Journal of Speech-Language Pathology
- 1999-present Ad-hoc reviewer for various professional journals including: Neuropsychologia, Aphasiology, Journal of Rehabilitation, Research and Development, Journal of the International Neuropsychological Society, Frontiers in Bioscience Online Journal Medical Journal of Speech-Language Pathology, Journal of Speech-Language-Hearing Research, Neuropsychological Rehabilitation

Review Panels

- 2012 Department of Veterans Affairs Rehabilitation Research and Development Service Scientific Review subcommittee
- 2003-2007 Department of Veterans Affairs Rehabilitation Research and Development Service Scientific Career Development Review subcommittee
- 2004,2008 Department of Veterans Affairs Rehabilitation Research and Development Service Merit Review subcommittee; ad-hoc reviewer
- 2002, 2003 NIH/NIDCD Study Sections, Small Grants Program, Outside reviewer
- 2003, 2006 NIH, NIDCD Special Panel Reviewer
- 2003 ASHA Special Interest Division 2, Level 2 Grant reviewer

2002 ASHA Minority Student Leadership Program
2001 ASHA Minority Research Fellow Scholarship Program Research Institute
2001 Continuing Education Program on Diagnosis and Treatment of Alexia

Professional Societies

International:

International Neuropsychological Society
Academy of Aphasia

National:

American Speech-Language-Hearing Association (ASHA)
American Congress of Rehabilitation Medicine (ACRM)
Academy for Neurogenic Communication Disorders (ANCDs)
ASHA Special Interest Division 2, Neurophysiology and Neurogenic Speech and
Language Disorders

State/Local:

Texas Speech-Language-Hearing Association
Houston Association of Communication Disorders

Service

Department

2006-2018 Department Chair
2019-present PhD Committee

University

2019-present Faculty Senate, Research and Scholarship Committee
2017-present Medical Education Committee: Sub-Committee chair; Admissions and Student
Affairs
2016-present Member, Internal Advisory Committee for College of Medicine
2008-2009 Chancellor's Strategic Action Group (SAG) member; Chair of Community
Advancement sub-committee
2009-2010 Chair, GCSW Dean review Committee
2010, 11, 12 Member, John and Rebecca Moores Professor Selection Committee

Professional

2018-present Research Committee Chair, Texas Speech-Language-Hearing Foundation
2019 Reviewer, ASHA Foundation Research Awards
2018-present Member, Stroke Special Interest Group, American Congress Rehabilitation
Medicine
2017-2019 Honors Committee, Member, Academy of Neurologic Communication Disorders &
Sciences
2008-2017; 2019-present Member, Houston Aphasia Recovery Center Board of Directors
2008-present Professional Advisory Board, Houston Aphasia Recovery Center
2016-present Member, Texas Children's Health Plan Clinical & Administrative Advisory
Committee and Pharmacy, Therapeutics & Technology Committee

Lynn M. Maher, Ph.D.

- 2008-2018 Member, Board of Directors, Houston Aphasia Recovery Center
- 2010-2011 Vice President for Professional Development, Council of Academic Programs in Communication Sciences and Disorders
- 2009-present Council of Academic Programs in Communication Sciences and Disorders
Program committee: Chair for 2011 meeting
- 2013,12,06,05,02 ASHA Adult Language Disorders Program Committee
- 2009 Chair, Language Science group, ASHA Convention Program Committee
- 2008-present Professional Advisory Board, Houston Aphasia Recovery Center (HARC)
- 2007-2010 Academy of Aphasia Program Committee
- 2007-2008 Member At-Large, Academy of Neurogenic Communication Disorders and Sciences
- 2004-2006 Continuing Medical Education Committee, Department of Physical Medicine and Rehabilitation, Baylor College of Medicine
- 2003-2006 Institutional Review Board Committee Member, Baylor College of Medicine
- 2002-2006 Michael E. DeBakey Research and Development Committee
- 2002-2006 Research Committee, Department of Physical Medicine and Rehabilitation, Baylor College of Medicine
- 2002, 03, 06-8 International Neuropsychological Society Convention Program Committee
- 2000-2003 Chair, Committee to Review ASHA Cognitive Communication Documents
- 1999-2002 Coordinator, ASHA Special Interest Division 2, Neurophysiology and Neurogenic Speech and Language Disorders
- 1997-1998 Steering Committee, ASHA Special Interest Division 2, Neurophysiology and Neurogenic Speech and Language Disorders
- 1996-2000 Shepherd Center Research Review Committee
- 1986 Past President, Miami Association of Communication Sciences
- 1985 President, Miami Association of Communication Sciences
- 1984 President-Elect, Miami Association of Communication Sciences

Invited Presentations

- Addressing the Negative Impact of Post-Stroke Aphasia. Faculty Senate Conference, Building Healthy Communities Through Partnerships: Future Directions in Health sciences at UH, 2019.
- Promoting Dignity. Learning Module, Houston Geriatric Education Center, 2015.
- Stress Management for CAN. Learning Module, Houston Geriatric Education Center, 2015.
- Deconstructing Constraint-Induced Language Therapy. Webinar, SpeechPathology.com, 2013.
- Use-dependent treatment versus supported communication in the rehabilitation of aphasia: (Is this) a debate? Seminar at the American Speech-Language-Hearing Association Annual Convention, Atlanta, GA. 2012.
- Deconstructing Constructing Constraint Induced Language Therapy. Association of VA Speech-Language-Pathologists, San Antonio, 2012.
- CILT in Aphasia Rehabilitation: Current status and future directions. Keynote presentation at the International Aphasia Rehabilitation Conference, Montreal, 2010.
- The Theory, Method and Outcomes of Constraint Therapy for Aphasia. Speech-Hearing Association of Alabama, 2008.
- The Theory, Method and Outcomes of Constraint Therapy for Aphasia. University of Rhode Island Expert Speakers Series, 2008.
- Using Constraint Therapy in Aphasia Rehabilitation. Speaking Out! Sixth National Aphasia Association Conference, New York, 2008.
- Application of constraint therapy principles in aphasia. Texas Speech-Language-Hearing Annual Convention, Houston, TX, 2007.
- Application of constraint principles to aphasia. Ohio Speech-Language-Hearing Annual Convention, Columbus, OH 2007.

Application of constraint principles to aphasia. Brain Injury Association of Indiana, (BIAI) Annual Meeting, Indianapolis, IN, 2006.

Experience-dependent learning and neural plasticity: Implications for rehabilitation theory and practice. International Neuropsychological Society Annual Meeting, Boston, MA, 2006.

An investigation of constraint induced language therapy for aphasia: What we have learned so far. Academy of Neurogenic Communication Disorders and Sciences, San Diego, CA, 2005.

Aphasia rehabilitation: From words to sentences. University of Houston Communication Disorders Alumni Association Symposium on Language and Motor Speech Disorders in Children and Adults: Advances in Research and Intervention, Houston, TX, 2005.

Rehabilitation of aphasia, Rice University Neurolinguistics Class, Houston, TX, February 2004

Rehabilitation of aphasia with CILT. The Institute for Rehabilitation Research Speech Pathology monthly seminar, Houston, TX, January 2004.

Understanding the “associated” deficits: Neural correlates of alexia, agraphia, and (limb) apraxia. Texas Speech-Language-Hearing Association Convention Short Course, Houston, TX, 2002.

Constraint induced language therapy. MD Anderson Speech Pathology Dept, Houston, TX, December 2002.

Aphasia treatment in the 21st century. Houston Association of Communication Disorders Spring Short Course, Houston, TX, May 2002.

Treatment of sentence production in aphasia: Preliminary data. Dept. of Physical Medicine and Rehabilitation Weekly Research Education Seminar, Baylor College of Medicine, Houston, TX, April 2002.

Within subject experimental design. University of Houston, Research in Communication Disorders graduate class, Houston, TX, 2001-2005.

Efficacy research in aphasia. University of Houston, Research in Communication Disorders graduate class, Houston, TX 2001-2005.

Treatment of agrammatism. The Institute for Rehabilitation Research Speech Pathology monthly seminar, August, 2001.

Intensive speech-focused treatment for chronic aphasia. Dept. of Physical Medicine and Rehabilitation Weekly Research Education Seminar, May, 2001

Rehabilitation of comprehension and production: The sentence level. 26th Annual Course in Behavioral Neurology and Neuropsychology, Florida Society of Neurology, Orlando, FL, 2000.

Rehabilitation of limb apraxia. 26th Annual Course in Behavioral Neurology and Neuropsychology, Florida Society of Neurology, Orlando, FL, 2000.

Treatment of agrammatism. Dept. of Physical medicine and Rehabilitation Weekly Research Education Seminar, November, 2000.

How alexia rehabilitation can inform cognitive modeling. Cognitive Neuroscience Brown Bag, Rice University, Houston, TX, November, 2000.

Assessment and rehabilitation of acquired alexia in adults. Houston Association of Communication Disorders: Houston, TX, October, 2000.

Teaching (Didactic)

- 2003-present University of Houston: Aphasia and Related Disorders, Graduate course (3 credits), Motor Speech Disorders, Graduate Class (3 credits) 2017, 2018, 2020; Research Methods, Graduate course (3 credits) 2006; Other courses: Medical SLP Elective Seminar (2008-2012), Clinical Practicum and Externship
- 2010,11,12 Guest lectures in OPTO 1300: Introduction to Health Professions, Discipline of Communication Sciences and Disorders, and OPTO 7361, Geriatric Optometry, Hearing and Communication of the Elderly.
- 1995-2000 Georgia State University Graduate Program in Communication Sciences and Disorders: Aphasia, Motor Speech Disorders, Dysphagia, Communication Neuroscience, Clinical Supervision, Advanced Neuro Seminar

Mentorship

- 2016-18 Amanda Clarke, Master's Thesis Committee Chair, Changes in Discourse Production following left-hemisphere stroke. University of Houston, Houston, TX.
- 2015-17 Katia Kazhuro, Master's Thesis Committee Chair, Influence of lexical versus procedural knowledge in sentence production in response to thematic role assignment treatment. University of Houston, Houston, TX.
- 2012-14 Vanessa Martin, Master's Thesis Committee Chair, Outcome measures of discourse in aphasia. University of Houston, Houston, TX.
- 2013 Christy Lee, Undergraduate Honor's Thesis Committee Chair, Measuring change in narrative discourse in persons with aphasia. University of Houston, Houston, TX.
- 2006-11 Melanie Kirmess, PhD Dissertation Content Advisor, CILT: A comparison between acute and chronic outcome. University of Oslo, Oslo, Norway
- 2007-08 Shannon Randall, Chair, Master's Thesis Committee: An investigation of error in Melodic Intonation Therapy, University of Houston, Houston, TX.
- 2006 Belinda Fleming, Member, Master's Thesis Committee: Effect of the type of decoding strategy on reading comprehension in a college student with dyslexia. University of Houston, Houston, TX.
- 2006 Karri Sigvad, Independent Study Advisor, Acquired alexia: Neuropathology, cognitive neuropsychology and rehabilitation. University of Houston, Houston, TX.
- 2004 Sarah Key, Member, Undergraduate Honor's Thesis Committee: A case of apraxia of speech from a neurocognitive perspective. Rice University, Houston, TX.
- 2004 Linda Cerasuolo, Clinical fellowship year supervisor
- 2002 Jennifer Swearengin, Clinical fellowship year supervisor
- 2001 Lauri Lacy, Clinical fellowship year supervisor
