Step 3e: After all approvals, your defense will appear [here](#) one (1) week prior to your defense.

Plagiarism and Turnitin

The Office of Graduate studies notifies students at the beginning every semester about enrollment in a *FREE* Blackboard Learn class accessed in [myUH](#). This Blackboard course links students to several helpful resources. Students should begin using this information at the beginning of their dissertation process.

The Office of Graduate Studies will review your final document for Originality and notify you of the results, if they are more than 25%.

*Some helpful hints--

1. Select multiple dates prior to the ten (10) day deadline before you contact your committee members.
2. Make your room arrangements after you and your committee agree to date/time.
3. If you change the date/time/place of your defense, it is **your responsibility** to contact the [Office of Graduate Studies](#).
4. At your final defense have your [Written Approval Form](#) ready for the committee to sign. The chair will sign after a review of all the corrections/additions. Now the Dean of the College can sign. You may need to leave the [Written Approval Form](#) with his assistant, so leave your contact information.
5. After your final defense, make your appointment with the [Office of Graduate Studies](#) for a face-to-face review of document formatting and electronic uploading instructions.

Regarding GRADUATION

- Use the [Thesis and Dissertation Deadlines](#) to plan your defense date for May, August, or December graduation
- If you want your name and your research title listed in the Commencement Program, you must apply to graduate. **Petitioning to “walk” is not applying to graduate.**
- Late graduation applications are no longer accepted.
- List **ONLY** those classes taken at the University of Houston your degree plan
- If you have Transfer Credit make sure to list correctly—it does not go on your degree plan.
