

Appendix E: Supplemental Information for the 2021–22 Texas Charter Authorizer Accountability Report, Matched Traditional Public School Campus-Level Performance Results (Web Only)

This supplemental information to the 2021–22 Texas Charter Authorizer Accountability Report is available online only. It includes the outcome measures for matched traditional public school campuses included in the report. Detailed information regarding outcome measures and charter school authorizer categorization can be found in Section 1. In order to fulfill the statutory requirement of identifying a matched group of traditional public school campuses for charter school performance comparison (TEC §12.1013(b), 2022), the TEA selected a combination of sampling techniques as the preferred matching procedure. By identifying traditional public school campuses similar in size, teaching staff, and student characteristics, the matching technique is intended to eliminate bias in performance comparisons due to observed covariates. Appendix A details the matching procedure variables and specifications, as well as the methodology used to calculate the outcome measures reported. Because the matched comparison sets are intended for comparisons made in the aggregate, readers are cautioned from making direct campus-to-campus comparisons between the individual charter schools in the analysis (listed in Appendix D) and any single campus in the comparison set.

TABLE E.1a

Campus-Level Academic Performance Outcomes for Traditional Public School Campuses Matched to Commissioner of Education (COE)-Authorized Charter School Campuses, Elementary Schools

Campus Name (CDCN)	Attrition Rate	STAAR-Reading Approaches	STAAR-Reading Masters	STAAR-Mathematics Approaches	STAAR-Mathematics Masters
A V CATO EL -(220917101)	19%	72%	22%	67%	17%
