UH Chevron Energy Graduate Fellows Award: [The University of Houston \(UH\) Chevron Energy Graduate Fellows Award](#) seeks outstanding graduate candidates at the University of Houston (UH) engaged in graduate education and research in energy topics from across the campus. The program will fund 8 (eight) fellows with a one-year \$12,000 graduate fellowship in addition to any other remuneration students might be receiving. More information and eligibility requirements are [here](#).

Energy Research Day: Energy Research Day, a showcase of outstanding energy-related research by University of Houston students will be held on Wednesday, August 30. Sponsored by the Division of Research, Energy Transition Institute, UH Graduate School and the Texas Industrial Energy Efficiency Program, the event gives industries in the Greater Houston area a chance to see UH research up close and network with future collaborators. Students interested in presenting their work have until **July 5** to register [here](#).

Selected CIRTL programming available (Virtual/network offerings) Complete CIRTL listing [here](#).

[Preparing Your Teaching Demo for a Job Interview](#)

In this interactive workshop, we'll discuss ways to go into a teaching demo for a job interview with preparedness, confidence, and adaptability.
